

for BIBLE 101 –CLASS 2 – BIBLE TECHNOLOGY

-
TEST 2

Please answer the questions with one word or one sentence answers.

1- List at least four types of writing modes that were used all throughout the early and later Bible times.

2- What is the importance of the OPISTHOGRAPH scroll. And list at least two places in the scriptures where the Bible mentions the OPISTHOGRAPH scroll type.

3-Is it possible for a Papyrus scroll to last more than 1500 years? After you've answered search and discover how long modern paper lasts and list that figure.

4-Search the scriptures and list at least one place in the Bible in which writing on ROCK is the technology used to record God's WORD.

5-Did Paul the Apostle use scrolls? If so please list chapter and verse (hint – Read your assignment this week and look for the word "books". Sometimes "books" is used for scrolls in English translations of the Bible.)
